What's Happening Now

The WDC study team is continuing to receive and evaluate formal comments on the Draft EIS during the current public comment period.

To ensure all stakeholders have ample opportunity to review the Draft EIS, UDOT and FHWA have extended the public comment period to **Friday, Sept. 6, 2013**. Between now and that deadline, the public is encouraged to review the contents of the Draft EIS and provide their comments to the study team

The Draft EIS is available in electronic form on the study website and in hard copy form at city buildings and libraries within the study area. [Click here](#) for a list of those locations.

Comments on the Draft EIS can be submitted the following ways:

Next Steps

Following the public comment period, the study team will evaluate and respond to every comment in the Final EIS document, which will be prepared throughout the remainder of the year. A final Record of Decision from the Federal Highway Administration is expected in spring 2014.
